

FL Regional **STEM2 Hub**

CIS-S Outcomes: 2022-2023

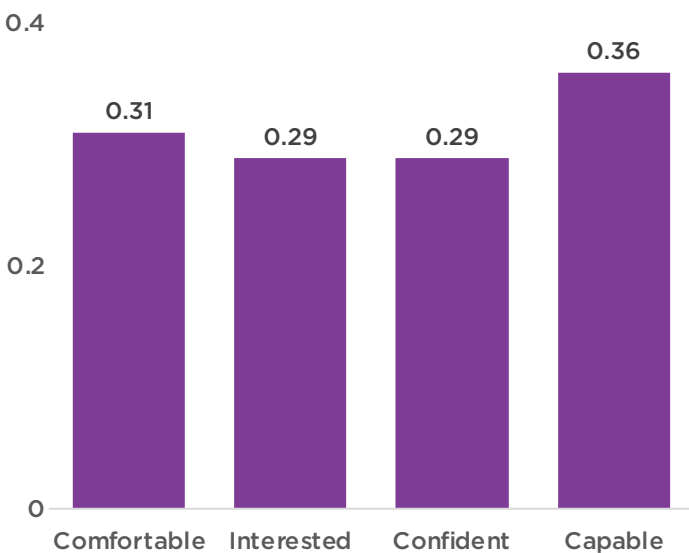

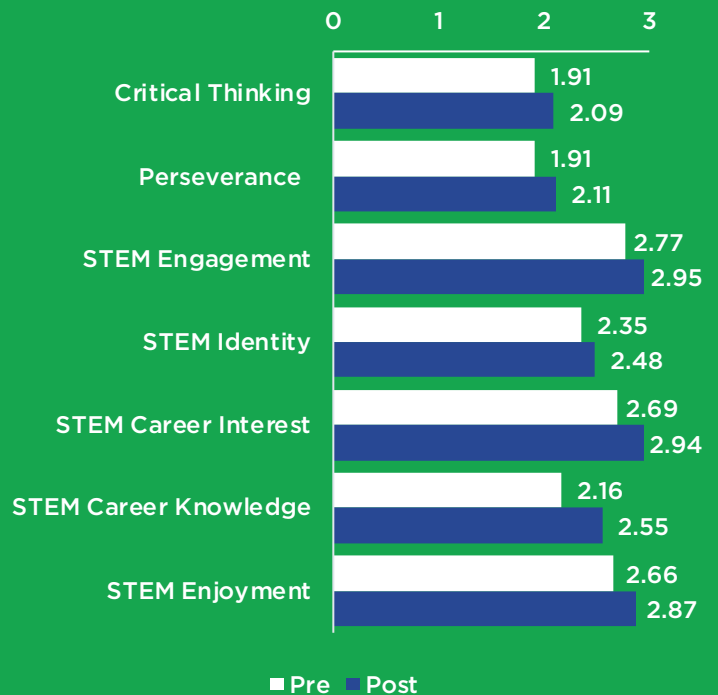

STEM2 Hub strives to convene, inspire, and invest in the STEM field by providing the essential missing elements to accelerate the growth of STEM education and careers.

PUTNAM COUNTY SCHOOLS

The program employed the Retrospective Pretest-Posttest tool, with grades 4-5 using CIS-S Option 2 and grades 6-12 using CIS-S Option 4 (Full Suite).

1317 students were tested in grades **4-12** across **11** Putnam county schools

IMPROVED EDUCATOR ATTITUDES

- Educator attitudes towards leading STEM have grown more **comfortable** over time, overcoming initial hesitancy.
- They have become increasingly **interested** in STEM, recognizing its impact on student engagement and future careers.
- Educators' **confidence** in leading STEM education has grown through exposure to successful initiatives and professional development.
- They now feel more **capable** of integrating STEM concepts into their teaching practices, equipped with the necessary knowledge and resources.
